ZWEITES DEUTSCHES FERNSEHEN  
55100 Mainz

To whom it may concern:

I am writing to complain about your coverage of the men's marathon at the World Athletic Championships in Berlin. In the space of just five minutes, I heard the commentator make two revoltingly racist remarks about the runners. The first comment was about the pack at the front of the race. The commentator said "da vorne sind so viele dunkle maenner, die kaum auseinander zuhalten sind." The next comment came just a few minutes later, when the commentator remarked that the "Deutsche rennen mit ihren Koepfen, die Afrikaner koennen nur leisten."

I take issue with these statements and demand the following: that your station management retract the statements, apologize to the runners, and send the commentator to an anti-racist workshop. I await your response.

I am also sending a copy of this letter to the media watch group "Der Braune Mob." In addition, please be informed that I may choose to publish this exchange. I will use my letter and your answer for documentation and teaching purposes.

Sincerely,

Dr. J. (Name der Red. bekannt)
