

African Zoo-Night “Awake the Lions!”*

10 years Circle of Friends “Health for Ombili Berlin-Brandenburg e.V.”

The Zoological Gardens Eberswalde and the Circle of Friends “Health for Ombili Berlin-Brandenburg e.V.” cordially invite you to the Zoological Gardens Eberswalde, Saturday the 10th of June [2010] from 4 pm.

This event is supposed to support the ethnic group of the San, the “last first people”, helping them to help themselves, in terms of a gentle integration into our modern age.

Since 10 years by now, the Circle of Friends “Health for Ombili Berlin-Brandenburg e.V.” has been supporting the San of the Omnili foundation in the North of Namibia, especially within the frame of medical, hygienic and social projects.

- Be charmed by this fascinating continent in this unique night,
- Enjoy African flair with spirited live music and dance performed by the band Odjadike and the Ballet Zebola from Congo
- Try African food, wine and ginger beer
- Try the tasty Boerewors (African bratwurst) with or without chutney
- Enjoy the variety of the bake sale
- Experience the animals close to the action in a special atmosphere
- Be fascinated by unique lighting effects
- Discover nocturnal animals in the zoo during an individual night-time tour through the zoo
- Learning is fun – The zoo school offers entertainment for youngsters
- Take pleasure in information about Namibia and the San, the endangered last first people
- Admire and buy the carvings and wickerworks as well as other handicrafts created by them

Not only for kids there is already from 4 pm on

- African drumming and dance
- African hairstyle and make-up
- Blowgun shooting
- Barbecue at a bonfire with bread and sausages
- Exhibition of drawings by children of Ombili

Entrance to the zoo:

Regular entrance fees apply

The proceeds of the sale of the African food, the drinks, the bake sale and the handicrafts conduces the personal and financial coverage of the hospital ward, the funding of the young San Juclin Haneb's training as a male nurse, as well as the head of the kindergarten's salary.

Further projects (expansions of livestock breeding and gardening) for employment creation and an increase of the level self supply are planned.

We are asking you sincerely to support these concerns as well through additional donations.

Donation receipts can of course be obtained.

We are looking forward to our 4th fantastic African summer night together within the delightful facilities of the Zoological Gardens Eberswalde.

Kind regards,

Dr. Bernd Hensch
Director
Zoological Gardens Eberswalde

Dr. Frauke von Versen
Chairwoman
Circle of Friends Health for Ombili
Berlin Brandenburg e.V.
